

REACH Regulation statement

We certify that our products comply with the REACH directives **1907/2006/CE**.

Especially:

- ✓ According to the REACH, our products are considered as “articles” therefore we are not obliged to register the substances contained in our products. However we make sure that our suppliers have registered the substances that are covered by the REACH Regulation.
- ✓ As a producer of articles, we are not bound to write Material Safety Datasheets.

Among these articles, some of them contain one substance which is included in the candidate list of substances subject to authorization (Annex XIV of REACH directives) :

mLego's involved alloys	Designation of the candidate substance	CAS registry number	m/m %	Usage recommendations
AMA, BC, CED, CEM, DR, GV, LAF, LAM, LAP, LO, LOP, LS, LSN, ND1, ND2, ND3, ND4, P05, P08, PB1, PKR, PKM, SN2, TMS, BL1, BL2, BL5, BL8, BL9, H55, H74, H75, HM4, HM6, HR1, HR2, HR3, HR4, HR5, HR6, HR9	lead	7439-92-1	between 0.2 and 3.5%	→ Either implement process which will limit the emissions of fumes and dust particles, or carry out operations within a closed enclosure or catch the emissions as closely as possible from their source. → Keep workplace clean. → Follow strict hygiene rules.

This substance, used in its massive form, excludes an exposure for humans and environment during its normal use. Moreover, as this substance is already registered by other producer or importer, we have no obligation to notify ECHA.
